MEMORANDUM FOR THE RECORD

SUBJECT: Briefing of Group from Air Force L&L

At the conclusion of my two-week active duty tour with Air Force L&L there were several strong suggestions that an appropriate group from Air Force L&L would benefit from a briefing on Agency activities and functions. I promised that I would attempt to arrange this. Subsequently the matter was discussed with General Cabell and the Inspector General and it was agreed that this should be conducted. General Cabell indicated that, of course, we should not go into sensitive operational matters. It was suggested briefers would include Mr. Kirkpatrick, Mr. Houston and Mr. Warner. [REDACTED] should also be present.
